

June 2019

Our Dear 11th Grade Four-Point Students

In order to relieve the pressure during the coming school year, we have prepared a few assignments for you to do during the summer holiday.

1. You have to read TWO Books levels 4-5, not a part of a sequel, to get prepared for Two Book Reports within the first two weeks of the next school year.
2. You have to review the grammar and the writing material you studied in class:
 - Two Present tenses
 - Two Past tenses
 - Ways of expressing Future
 - Basic writing rules (sentence structure, paragraph structure)
 - Writing a composition (100-120 words)

We are well aware that such assignments over summer demand an effort but the results are worth it.

Wish you a happy summer holiday.
