

June 2019

Our Dear 12<sup>th</sup> Grade Four-Point Students

In order to relieve the pressure during the coming school year, we have prepared a few assignments for you to do during the summer holiday.

1. You have to write a complete draft of your projects including all the components. The draft must be submitted before the Sukkot Holiday. The draft will be graded.
2. You have to review the grammar and the writing material you studied in class:
  - Two Present tenses
  - Two Past tenses
  - Ways of expressing Future
  - Modals

We are well aware that such assignments over summer demand an effort but the results are worth it.

Wish you a happy summer holiday.
