

Our Dear 12<sup>th</sup> Grade Five-Point Students

In order to relieve the pressure during the coming school year, we have prepared a few assignments for you to do during the summer holiday.

1. You have to write a complete draft of your projects including all the components. The draft must be submitted before the Sukkot Holiday.  
The draft will be graded.
2. You have to review the grammar and the writing material you studied in class:
  - Four Present tenses
  - Four Past tenses
  - Ways of expressing Future
  - Conditionals (0, first, second and third)
  - Temporals
  - Passive
  - Modals
  - Reported Speech
  - Relative Clauses
  - Composition of opinion (both one-sided and two-sided arguments)-120-140 words

We are well aware that such assignments over summer demand an effort but the results are worth it.

Wish you a happy summer holiday.
